Sesser, IL 62884**Re: Subsidence Control – Public Notification  
Emery Mine DOGM Permit 015/015 IBC  
Consolidation Coal Company**  
C/015/0015

Dear Mr. Gefferth:

Notification is hereby provided, pursuant to R645-301-525.700 of the Utah Coal Mining Regulations pertaining to surface effects of underground coal mining activities, to inform you the Emery Mine, owned by Consolidation Coal Company (CONSOL), will be conducting underground mining activities beneath or adjacent to certain property located in Emery County. Public records indicate your surface property lies within the lands designated. Due to the fact that much of the surface ownership has changed hands during the past several years, CONSOL has chosen to re-notify all of the current landowners. Property you own located within the following sections is within our current and future mine plan.

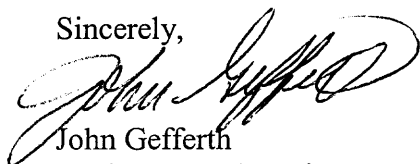

Township 22 South, Range 6 East, SLM, Utah  
Sections 21, 22, 23, 27 and 28

Underground mining activities may occur beneath or adjacent to the above described property beginning immediately and will continue throughout the remainder of the permit term.

Consolidation Coal Company's subsidence mitigation plan is presented in Chapter V, Section B of the company's permit (ACT/015/015). The permit is filed with the State of Utah, Division of Oil, Gas and Mining in their Price Field Office, where a copy of the subsidence plan is available for review. The address and telephone number of the office is; 455 West Railroad Avenue, Price, Utah 84501, phone (435)613-1146.

Should you have any questions concerning the above matter, please contact Russell Hardy, Mine Engineer at the Emery Mine (435)286-3513, or myself at (618)625-6850.

Sincerely,

  
John Gefferth  
Environmental Engineer
